Associated overhead costs and conditions for application of commission fees

* - as part of the IPO (public share placement), an additional commission of the Exchange is charged

** - commissions for the services of the third-party organizations involved in supporting the transaction are not included

***- the commission fee of the Custodian, the Central Securities Depository, foreign depositories are charged separately

**** - the broker's commission fee, which it has the right to withhold until the client withdraws funds from any account opened under the brokerage agreement concluded between the broker and the client, with the exception of the cases and taking into account the features specified below:

A one-time sale is understood to be the sale of securities acquired by the client, without participation of the Company, i.e. not as a result of the Company concluding a transaction(s), at the expense and in the interests of the client (hereinafter referred to as the One-Time Sale) in full, until the funds are withdrawn from its personal account.

The commission fee provided for in Clause 1.9. of this tariff, shall not be withheld in the following cases:

- if the total turnover of purchase and sale transactions of any securities concluded on the client's account for a period equal to 3 (three) months prior to the date of the One-Time Sale (including the date of the One-Time Sale) exceeds three times the amount of funds received as a result of the One-Time Sale, including the One-Time Sale transaction. The specified turnover does not include the turnover of transactions for transferring uncovered positions on the market (T+2);
- if the securities were credited as a result of their inheritance by the client from another client of the Company (the testator) by conducting an operation of writing off and crediting securities from personal accounts opened with the Company;
- if the securities were credited as a result of conversion of securities recorded by the Company, for the account of this client;

All settlements, as well as withholding of the commission fee provided for in Clause 1.9. of this tariff, are made in KZT. If the transaction turnover is in foreign currency, conversion into KZT is made at the rate of the National Bank of Kazakhstan, on the date of withdrawal of funds, which determines the moment of withholding the remuneration.

*****- The tariff comes into force on January 1, 2025

Choosing and changing the tariff

When concluding the Brokerage Service Agreement (with nominee holding/without nominee holding), the Client independently chooses one of the proposed tariffs.

If the Client wishes to switch to another tariff, it is necessary to submit an order to change the tariff (by hand or through the Tradernet platform). When switching to a new tariff, the tariff comes into force on the day following the day of registration of the order to change the tariff plan.

Note

For all tariffs, rounding tiyn up to the nearest whole tenge is applied to calculation.

1 Adjustment is made only in relation to coupon payments on Freedom Finance SPC bonds.
